Scams

08.15 The victim reported he had received a bill from McAfee for \$568. He believed this was legitimate at first since he had just bought a computer. He said he was also contacted by someone from phone number 731-258-2583 multiple times and harassed to pay the bill. He said he sent cash to an address in New York for the bill. He said that the suspect was able to take \$19,000 from his bank account. He was talking to the person from the unknown phone number and a hypnotic music was playing that placed him into a trance. He said he allowed the person to remote into his computer and due to being placed in the trance, he was not able to stop the suspect from gaining his banking information.
